Dear Madam / Sir

**STELLENBOSCH DISTRICT RIDING CLUB**

We refer to the abovementioned matter.

We have great pleasure in confirming that we have secured sufficient funds through our reserves and gracious donations to commence with the upgrading of the warm-up arena at SDRC. As you know, we already assisted with some upgrades to the existing competition arenas and if possible would like to continue to spend money on such arenas to better the surfaces for the benefit of all our Members as the venue is normally used for WC Champs and the DSA Challenge.

As you know, the Council has passed a resolution to enter into a lease with SDRC for a long-term period. However, seeing as the lease will only be concluded after an approval process that needs to run its course (although it seems at this stage to be a mere formality) I would like to invite you to approach me in writing before close of business on Friday 14 May 2021 should you have any objections to the money being spent as aforesaid.

Kind regards,
**WESTERN CAPE DRESSAGE**
